

# CHRISTADELPHIAN MEAL A DAY JUNE *News*

## Upcoming Vanuatu Field Visit

*From the Chairman's desk...*

God willing I am travelling soon to the Island of Tanna in Vanuatu with members of the Ringwood Ecclesia. With the help of Terry and Karen Nutter and Bethézer Fund, our group are building a classroom at the Kapalpal School. While in Vanuatu I will also oversee the Meal-a-Day-sponsored delivery of a nutritional supplement for the school children; it is very exciting to get this hands-on experience! Also in partnership with Bethézer, Meal-a-Day are working with the Kapalpal community in constructing greenhouses to help develop a sustainable food supply.

May God bless all those working together for a better outcome for these Vanuatu communities.

## May We Eat: Thank you!

Building on last year's inaugural #MayWeEat campaign, in May 2016 even more creative ideas came to life – over \$16,000 raised for our community projects!

Whether setting personal targets (walking 10,000 sponsored steps), or getting together with friends and family, it was brilliant seeing this year's campaign gain momentum across Australia – from a mornay cook-off down south, to a Purim play in the tropics, to giving the cost of a coffee-a-day or hosting afternoon teas with friends – every effort made a difference to communities in Asia.

Thank you so much to everyone who, like Eliza, gave so enthusiastically 😊

## Upcoming events

Music concert fund-raiser and Fair, in partnership with Seventh Day

Spring AGM 19 Nov 2016, *God willing*

Project visits in Nepal and India

Summer youth campaign experience

## Tax deductibility update

Our application was submitted in 2015; with the Federal elections pending, DFAT advised it may still be months before all application processing is complete and we know the outcome. Please be assured that whether tax-deductible status is granted or not, your donations keep reaping wonderful fruit for communities – thank you! Please remember all our work together in prayer.
